

SMALL PRODUCT MULTI-SIZER

PATENT PENDING

QUICKLY, ACCURATELY, & GENTLY SEPARATE FRESH BERRIES INTO 4 OR MORE ADJUSTABLE SIZE CATEGORIES

LAKWOOD PROCESS MACHINERY Small Product Multi-Sizer

- **Adjust your sizes on the go with zero down time using the hand-adjustable cranks**
- **Custom-length exit conveyors available to suit your specific application and your facility's needs**

Product is conveyed onto the roller bed. The unique rotation of the spooled rollers singulates the product for accurate sizing. As product moves down the sizer bed, the distance between the rollers expands, allowing product to fall through to the exit conveyors. The sized product can then be conveyed either to the left or right side of the sizer, directly into a box filler, or to a separate line or filling station.

Multi-Sizer Capacities

Working Width	Capacity (lbs per hour)
36"	3,500 lbs per hour
